

GROUP TO SEEK INSURANCE FOR SEWAGE PLANT

Council Will Get Request From Sewer Authority For Program

COST TO BOROUGH SET AT ABOUT \$900 A YEAR

The borough council will be asked at its session Monday night to take out more than one million dollars worth of insurance on the sewage plant.

The recommendation was decided upon at last night's meeting of the Sewer authority in borough hall at 7:30 o'clock.

The recommendation will be made on the advice of a committee of local insurance agents named by the authority to look into the question of insurance.

The insurance will protect the people who hold the bonds on the plant, recently renovated at a cost of more than one million dollars, against catastrophes such as fires and explosions.

The plant will be insured for \$900,000 except for glass-covered drying beds. The insurance agents' committee recommended to the authority that these glass covered beds be covered by another type of insurance that would protect them from damage by heavy winds and other damage easily resulting to glass.

TO INSURE the glass-covered beds, another \$160,000 of insurance would have to be taken out.

The total amount of insurance the council will be asked to take out on the plant will be \$1,060,000.

The cost to the borough for this insurance will amount to about \$900 a year.

The members of the authority instructed Borough Manager Horace B. Gulden to make the recommendation to the council at its session Monday night.

IN OTHER BUSINESS conducted at the meeting last night, the authority learned that it would cost \$150,000 to put the borough's sanitary sewer system in proper working shape.

The statement was made in a report by the Philadelphia engineering firm of Albright and Friel.

The firm was commissioned by the borough the past year to make a study of Pottstown's sanitary sewers.

The main problems in the system now involve the backing up of sewage in various sections of the town.

Fast Weather Shift Felt in Pottstown

Raindrops were falling between the sun's rays yesterday as the Pottstown area watched some quick changes between rain and shine.

High temperatures through most of the day brought the usual comments of "Very warm for May," from those meeting on the street.

Rain came down in a warm, drenching shower in early afternoon, making pavements wet again that had dried from a heavy rain early in the morning.

Yesterday's humidity will continue today, and more showers are forecast for the day and evening.

Tomorrow will again be partly cloudy and warm.

Curious Tot Gets Lost

Three-year-old Patricia Himmelberger, 851 South street, talks things over with her black-and-white dog, Pootsie, shortly after the child was the object of a neighborhood-wide search. The 3-year-old, who had never walked away from home before, disappeared for more than a half an hour. She wanted to follow the dog. Her mother, Mrs. Roy Himmelberger, found her.

School Board Hikes Tax Rate 9 Mills In Upper Frederick

The tax rate for the Upper Frederick's school district took a huge jump last night, from 16 mills of the past year to 25 mills for this year.

The millage was announced at a meeting of the school board last night.

The millage was increased because of a \$15,000 hike in the annual budget, tentatively adopted last night.

This year's budget was set at \$46,640.

THE MAIN REASON for the \$15,000, according to Mrs. Thelma Schmoek, secretary of the board, is the fact that Upper Frederick's district went into a jointure the past year with New Hanover, Faglesville, and Swamp.

"This \$15,000 represents our share of the jointure," she said.

The New Hanover-Upper Frederick school, as it will be called, was started several months ago.

Faglesville District Plans Ten Mill Tax Increase on Property

Faglesville Independent school district plans to impose a 1 percent real estate transfer tax next year and to increase the property tax rate temporarily from 20 mills to 30 mills.

This was reported yesterday by Eugene Seasholtz, secretary of the board, who said the increases were necessary for Faglesville to pay its share of the costs of a new consolidated elementary school.

The school, expected to cost approximately \$225,000, will serve pupils in the new jointure of New Hanover, Upper Frederick and Faglesville.

The school is being built along Route 73 in New Hanover Square.

The real estate transfer tax, similar to one in effect in many Pottstown area communities, is scheduled for adoption at a special meeting of the board Thursday, May 28, at 8 p. m.

THE TAX WOULD be 1 percent of the selling price of real estate that is transferred. The board is

Three-Year-Old Gets Itch to Travel To See World Across Queen Street

A posse of neighbors helped locate a little girl who was missing from her South street home for more than a half hour yesterday afternoon.

The child, Patricia "Patsy" Himmelberger, daughter of Mr. and Mrs. Roy Himmelberger, 851 South street, apparently had two motives for her disappearance—she wanted to follow her cute little dog, "Pootsie," and she wanted to see about a little baby more than two blocks from her home.

During her travels, the 3-year-old crossed Queen street at least three times.

Mrs. Himmelberger said the child, who had never disappeared from home before, was playing in front of the house with her doll carriage.

WHEN MRS. HIMMELBERGER looked out, her strawberry blond daughter was nowhere in sight. "I got worried because she had never gone away like that before," the mother commented.

Neighbors contacted by Mrs. Himmelberger after a futile early search for the little girl joined in the hunt, scouring the blocks near her home.

Finally, Mrs. Himmelberger found her daughter, and the dog, on Queen street, near Montgomery street—safe and sound despite her dashes across the street. The 3-year-old was looking at a baby on a porch.

Mrs. Himmelberger said, "I asked her, 'Do you know that you're going to get a spanking?' Patsy looked up at me and said, 'Yes.' And then she started laughing at me."

PATSY DIDN'T really get a spanking, though. And she really didn't look terribly repentant.

Among the neighbors who joined in the search were:

LIMERICK MAY SHIFT PUPILS THIS AUTUMN

Pottstown Board's Decision Comes as No Surprise To Township Officials

COLLEGEVILLE-TRAPPE IS VIEWED AS SOLUTION

By FRED C. SELBY
(Mercury Staff Writer)

Pottstown school board's decision not to accept Limerick township pupils in the borough high school beginning in the Fall of 1954 may result in Limerick Junior High pupils shifting this Fall.

This was reported last night by Frank Ruml, president of Limerick's board, one of five officials who provided information on what would happen as a result of Pottstown's decision.

The Pottstown decision will affect a substantial number of pupils. This year there are 113 Limerick pupils in Pottstown Junior High.

The Pottstown board's Monday night decision "was no surprise to us," Ruml said. "We knew of it, but it was not official." Limerick received its first broad hint more than a year ago, he asserted.

Ruml added: "We're not in a jam. We have a place that they can go." Collegeville-Trappe High school could accommodate a large number of Limerick's Junior High pupils, he said, and Ruml said, "We're not in a jam."

LIMERICK PUPILS who will enter the Seventh grade were given their choice of attending Pottstown or Royersford next year (Pottstown's decision does not go into effect until the following year).

Half of the 70 future Seventh graders said they wanted to go to Pottstown; the other half said they

Washington Board Plans Dust Control Test on Mile Stretch

With 25 miles of dirt roads in their township, Washington supervisors may keep down the dust with chemicals this Summer.

The supervisors will run a test on a one-mile stretch of road this week after hearing a talk by a salesman at their meeting last night on the use of calcium chloride to control dust.

"I'm in favor of using it," said Clayton R. Mest, secretary-treasurer, after the meeting.

"The chemical will be tested on the stretch of road between Eschbach and Schulzville," Mest revealed.

"ONE APPLICATION of chemical is said to last one year," he added.

GOOD SAYS HE'LL SEEK ATHLETIC CHIEF'S JOB

By MERCURY STAFF WRITER NORMAND POIRIER

Coach Edward Y. Good said last night that he would seek the athletic directorship post of Pottstown's public school system and drop coaching.

The decision was announced to The Mercury late last night, 24 hours after the school board had approved a program whereby the post of athletic director could no longer be filled by a coach of sports.

TEACHERS HEAR PAST REVIEWED

Mrs. Stevenson Is Picked As New Head of Association

"Our group is one of the most unusual teachers' associations because we are so much more interested in ours," retiring president of the Pottstown Teachers association Marion R. Giles said yesterday.

In summing up the work of the association in the past year, Miss Giles, who went out of office yesterday after a meeting of the Teachers association, made the statement to more than 100 teachers who attended the meeting.

She also added that one of the other big accomplishments achieved by the group during the past year was "representation at the school board meetings."

The new officers, who took office yesterday, include Mrs. Elizabeth E. Stevenson, president; Morrell E. Grigg, vice president; Mrs. Florence W. Johnson, secretary, and William C. Hartman, treasurer.

THE SLATE was presented to the group by a nominating committee made up of Harold E. Fosnocht, Mary K. Wolf, and Kathryn L. Ellenberger.

The slate was accepted unanimously.

Miss Giles said further, "Our people are very interested in our association. Other associations don't seem to work together like we do."

As accomplishments of the past year she pointed to the March of Dimes, sponsored locally by the group; the asso-

CLEAN-UP PLANS ARE MAPPED BY JAYCEE GROUP

General Housecleaning Stated for Town May 16-23

Tentative clean-up week plans were formulated last night by the Junior Chamber of Commerce clean-up week committee.

Meeting at the Chamber of Commerce office in the Security building, the committee was joined by civic leaders and members of several service clubs.

The Jaycees, which are not affiliated with the Chamber of Commerce, reported that the week of May 16-23 has been set aside for its clean-up, paint-up and fix-up campaign.

C. Linford Richard, co-chairman of the drive, pointed out that numerous activities and contests have been planned in an effort to make Pottstown the cleanest place in the area.

Clean-up week will actually begin Saturday noon, May 16, when members of the Jaycees will "chase out the town's rubbish."

HAROLD ESCHBACH, who is serving as co-chairman along with Richard, explained that someone dressed to symbolize a rubbish heap or garbage can will be brushed out of town by his committee.

Following the ceremony, clean-up week will then begin, carrying into every home and alley in Pottstown a message of cleanliness.

The group also discussed plans for conducting clean-up contests in each of the ten wards.

Council Unit Picks Fog Machine for Borough Approval

Members of council's health and sanitation committee hope that all mosquitoes, ticks and other useless bugs will be "in a fog" after next Monday night.

After watching a spray machine and a fog machine in action last night, the committee decided that they would recommend to the council Monday night that it purchase the fog machine.

The fog machine, which is cheaper, smaller to handle, more economical to operate, and apt to last longer, was demonstrated on King street, west of the Main turnpike.

It will cost \$1846. The spray-mist machine would have cost \$2205.

DESIGNED to be hauled on the rear of a small truck or jeep, the 600-pound fog-maker lets out a

The program, drawn up by the executive committee of the athletic council and passed by the school board Monday night, went like this:

1) The athletic director cannot be a coach.

2) The athletic director will teach classes a half day; supervise and develop a physical education program the other half day.

3) He will be paid \$800 a year, besides his teaching salary.

At present, Good is athletic director and head coach of basketball and baseball.

UNDER THE new program, which would go into effect next Fall, he would have to drop either the athletic directorship he holds or the coaching of the two sports.

Last night he acknowledged that since he did have to make a choice, "I'd choose the athletic directorship."

When asked why he decided in favor of the newly created post, he said:

"I think I could do the most good in that job."

Meanwhile, Stanley I. Davenport, chairman of the athletic council, explained last night what the situation on the job was.

Said Davenport, "This is what the council has to do now. First, we have to define the exact duties of the athletic director."

HE EXPLAINED that the council had been working many weeks on trying to map out the duties of the director and that the council would continue clarifying exactly what his duties would be, what would be expected of him, etc.

"We hope that we have everything finished so that we can make a complete report to the school board for its June meeting," he said.

"After the duties of the post have been defined, the council then will let it be known that the position of athletic director is open.

"I imagine we then will receive applications from various persons for the job. We will look over the applications and make our recommendations to the school board. The school board then will make the final decision."

THE FACT that other applications—besides Good's—might be forwarded to the council seeking the position prompted a survey of some of the other Pottstown coaches to determine how they felt about the new job.

Morrell Grigg, assistant football coach and assistant baseball coach, had this to say:

"I haven't given the post of athletic director any thought because it is tied in with physical education work and I'm not qualified, academically, for that kind of work. So I haven't thought about it."

Sanatoga Grangers Schedule Initiation Of New Members

More than a dozen new members will be initiated into Sanatoga Grange at its meeting in the Grange hall tonight.

During the secret rites after the regular 8 o'clock business meeting, the candidates will be given their first and second degrees as Grangers.

Initiation of new members is an annual event in the Grange, and takes place at the first meeting in May. Candidates who have applied for membership during the past year, if accepted, are taken in formally at this time.

Ten candidates were received at the past year's ceremonies, bringing the Sanatoga group's total membership to 164.

Lecturer Edward H. Scheffey said the Grange had 15 applications for membership during the past year.

At the next meeting in two weeks, the new candidates who are accepted tonight will be given their third and fourth degrees.

iation's newly formed scholarship fund; the donation of lamps to Pottsgrove Manor, and "the representation we finally got at the school board meetings."

Arthur E. Emery, teacher who attended the meeting of the school board last night, urged that the association follow up its proposal of having representatives of the association attend every school board meeting.

"THEY WERE looking for us last night," he said, speaking of Monday night's board meeting. "I think the report we got today (a report about the new school calendar and school teachers' daily schedule) was a result of our proposals to attend the meetings. I think we should definitely follow up our proposal."

Mrs. Stevenson, new president, assured Emery and the group, that there would be representatives from the association at all school board meetings.

In other business, two new committees were named.

To serve on the scholarship, the following were named: Alvin Paul, Eleanor Cornmesser, Iva Missimer, Ann Brown, and Spence Lessig.

On the committee to revise the constitution of the association will be Dorothy Barkel, Vida Moses, William James, Raymond Tull, and Mrs. Virginia Weaver.

THE ASSOCIATION also voted to send the new officers and the officers who went out of office yesterday to the meeting of Montgomery county teachers with Montgomery county legislators on May 15 at the William Penn Inn near Norristown.

It was also voted to send the new president, Mrs. Stevenson, to the Penn Hall convention of August 17-20, which is a leaders convention.

The group also voted to purchase a table model radio for Irene Boyer, retired teacher and former president of the Teachers' association, who is in the Evergreen Nursing home.

Limerick May Shift Pupils

wanted to go to Royersford, Rumler asserted.

These decisions by children and parents were, however, made before it was known definitely that pupils from Limerick who started in Pottstown Junior High school this Fall would have to go to some other junior high the following Fall, Rumler pointed out.

The board president said he felt that the children and parents should be given a chance to change their mind, in view of Pottstown's decision. Rumler said he expected the board would make such a second-chance available. The board meets tonight.

RUMLER SAID he was not upset at Pottstown's decision. "Pottstown has no other choice as I see it," he declared.

Pottstown's board, in making its decision, pointed out that its Junior High rapidly is becoming overcrowded. The State has refused to approve plans for building an addition to the Junior High.

The State said, in rejecting the plans, that since Pottstown has a large number of tuition pupils, the new classrooms might be empty when those tuition pupils withdrew to attend new high schools built nearer their homes under some joint-ure plan.

Limerick is one of nine townships that the county school board has said should form a jointure at the junior-senior high level.

A. M. KULP, county superintendent of schools, said yesterday grades, not lumped into a few that there could be no assurance grades.

new pupils was pointed out by William Hummer, supervising principal of Lower Providence schools.

He said that Lower Providence pupils who attend Collegeville-Trappe High school (some attend Norristown) will be going to Norristown Junior High next year.

This plan will mean a reduction of 20 pupils in the number of junior high age that would otherwise have gone to Collegeville-Trappe this Fall, and a reduction of the number that otherwise would have gone there next Fall.

At Royersford High School, Dr. Oliver C. Kuntzman, supervising principal, provided figures that showed that while Royersford is not yet at capacity, it probably could not absorb any great number of additional Limerick township pupils.

There now are 102 Limerick pupils attending Royersford Junior and Senior High schools. Next year, Royersford High will have an enrollment of 437 pupils, which is within a few dozen pupils of capacity for the present building.

THE OTHER EIGHT districts in this proposed jointure would be Royersford, Upper Providence, Collegeville-Trappe (now in their own jointure); Skippack and Schwenksville-Perkiomen-Lower Frederick, (also in a jointure).

Howard B. Keyser, supervising principal, of Collegeville-Trappe joint district, had reassuring words for Limerick yesterday.

"We have room for quite a few more pupils," he asserted. "All that we're asking is that they (directors of other nearby district) be willing to send them."

Collegeville-Trappe probably could accommodate 150 more pupils this Fall and 200 next Fall, he asserted, although he said the school would much prefer to have them scattered throughout the 12 tendant of schools, said yesterday grades, not lumped into a few that there could be no assurance grades.

Allies Propose Release After Truce Of North Korean Prisoners of War

PANMUNJOM, WEDNESDAY, May 6 (AP) — Lt. Gen. William K. Harrison Jr., proposed to Communist truce delegates today that all war prisoners of Korean nationality be released immediately after an armistice. He said they should be allowed to settle where they choose.

The senior Allied truce delegate assured the Reds "that is our concept that the neutral custodian (a nation chosen to supervise prisoners) would have full control of the security and administration of all prisoners placed in their hands," inside Korea.

Harrison — speaking shortly after the full-dress truce session opened — said the neutral nation would be given full details of control arrangements for its approval.

Harrison then asked the Communists if — under those terms — they would agree to Pakistan as the custodial neutral.

North Korean Gen. Nam Il, senior Red delegate, conferred with his advisers and asked for a 40-minute recess. The Allies agreed.

THE RECESS then was extended until 1 p. m. at the Communists' request.

Of 132,000 prisoners held by the Allies, about 48,000 have said they would resist any return to Red rule. These include 16,000 Chinese and 32,000 North Koreans.

The Communists had proposed that prisoners refusing to go home be sent to a neutral nation where — during a six-month period — North Korean and Chinese authorities would be permitted to talk to them.

Harrison told the Reds at the outset of today's session:

"ASSUMPTION OF FULL control of the prisoners of war in Korea should not place an excessive burden on the neutral state, especially since the most practical method of handling prisoners of war of Korean nationality is to release them to civilian status immediately following the effective date of the armistice.

"They would then be free to go to the location of their choice, and under the provision of Paragraph 59 of the Draft Armistice agreement, each side would be obligated to facilitate the return to the other side of those who desire to go there."

Harrison added that "we consider that a fair agreement for custody would insure that no force or coercion, either physical or mental, would be used against such prisoners of war to prevent or effect repatriation."

Ex-POWs Play Tourist in Hawaii

HONOLULU, May 5 (AP) — Thirty-two liberated American soldiers — all who could walk — played tourist in sunny Hawaii today on their way home from grim Communist prison camps in North Korea.

Six other homeward bound soldiers who arrived during the night on stretchers in big military transport planes could not get out to see Hawaii — so Hawaii came to them.

Hawaiian hula dancers and musicians entertained them at Tripler Army hospital.

All 38 were due to leave aboard two C-54 hospital planes at 10 p. m. (3 a. m. Pottstown time, Wednesday) for the nine hour flight to Travis Air Force base, northeast of San Francisco.

From there they would soon be scattering on their way to homes, or hospitals near home all over the United States.

BEFORE THIS GAY and high-spirited group departs, another C-54 was scheduled to bring 12 more Americans, two Canadians, and six Colombians here. They too will have a brief medical checkup and rest before continuing to the continental US.

The lucky 32 toured Honolulu in two ambulance buses. They stopped at Waikiki beach for a look at the ocean, the sights and the carefree Hawaiian bathers.

Pfc. Thomas R. Barnes, 28, of Dadeville, Ala., said he enjoyed it so much, "especially the hula girls, I'd like to go back for seconds."

The men were welcomed by a hula troupe at Hickam Air Force base last night.

WITH DEATH IN HIS MIND—A man identified by police as James Wittaschek, 23, Riverside, Calif., stands on ledge of a window 11 stories above downtown San Francisco street, threatening to jump. This picture was taken by Sgt. Robert Gremminger, off-duty police officer, who then crawled out on window ledge himself. While another policeman engaged Wittaschek in conversation, Gremminger grabbed him and pulled him inside.

Wall Street Survey Finds Russia Out to Ruin US Economy

UNITED NATIONS, N. Y., May 5 (AP) — A Wall Street survey, made public today, warns the United States that the Soviet Union, aiming at world economic domination, is seeking to enfeeble and wreck the American economy.

This survey has been delivered to Ambassador Henry Cabot Lodge Jr., chief UN delegate, and recently was brought to the attention of high authorities of the Eisenhower Administration and of the Senate Foreign Relations committee. It strongly urges "a drastic reorientation of the economic and social phases of our defense strategy" in the economic and social fields.

The report urges use of personnel with "a working knowledge of Marxism-Leninism-Stalinism" on the firing line against Soviet propaganda, contending that "the initiative should be seized and held" in this phase of the Cold War.

The document was prepared by New York Stock exchange representatives on the non-Government observer group attached to the US delegation.

The report says the Soviet drive is attempting to cut off the US from raw materials and strategic items abroad, destroy markets for US manufactured goods, cause Americans to lose control of assets through propaganda for nationalization, socialization, confiscatory taxation and the like.

House GOP Chiefs Refuse to Give Up Sales Tax Battle

HARRISBURG, May 5 (AP)—The House Republican leadership today refused to give up on the sales tax despite mounting indications that it may be destined for the legislative ash can.

Rep. Albert W. Johnson, Republican floor leader, gained new hope by staving off a move to recommit the proposal for a 1 percent levy to the House Ways and Means committee.

Johnson said the 109-member House GOP caucus voted to keep the bill in a position for a final vote pending development of an alternate tax program.

Gov. John S. Fine is expected to be called into the picture to lend his active support for the sales tax. If that fails, then the GOP leaders would get down to brass tacks on devising a package of taxes to close a 157 million gap in the Commonwealth's proposed \$1,400,000,000 budget.

PRESIDENT ASKS Reinforced Vietminh Soldiers Press On French Blocks to Capital Route

WASHINGTON, May 5 (AP)—President Eisenhower today asked Congress for \$5,828,000,000 in new foreign aid—a program which he called a bulwark for America's own defenses against "the threat of Soviet aggression."

Eisenhower coupled his request with a sharp warning to the Kremlin that the United States plans a substantial step-up in military aid to Communist-threatened Southeast Asia notably in embattled French Indochina.

He prodded Russia anew to prove the good faith of its recent peace overtures "by deeds" instead of the words that have been flowing out of Moscow during the past two months in the post-Stalin era under Premier Georgi Malenkov.

In a special message to Congress, the President declared: "The basic purpose of this program is simply the long-term security of the United States living in the shadow of the Soviet threat."

"THE BLUNT, sober truth is that we cannot afford to relax our defenses until we have seen clear, unmistakable evidence of genuinely peaceful purpose on the part of the Soviet Union.

"Until Soviet good faith is proven by deeds, the free nations must rely on their own strength for the preservation of peace."

The President noted that his request is \$1,772,000,000 less than former President Truman asked in his farewell budget for the 1951 fiscal year beginning July 1.

HANOI, Indochina, May 5 (AP)—Reinforced Vietminh troops applied heavy pressure today in an effort to knock out two stoutly defended French-Laoian outposts holding up strong enemy units attempting to join the threatened Communist siege of Luang Prabang, Royal Laoian capital.

French military leaders disclosed the savage fighting around the Northern mountain defenses as they tried to guess when—and if—massed Vietminh forces will assault Luang Prabang and French Laotians entrenched on the broad Plain Des Jarres, 99 miles to the east.

French and Laotian patrols failed to turn up any enemy opposition in forays 15 miles north of the capital and in similar operations from the strongly defended positions on the plain.

At the same time there were no fresh Vietminh troop movements spotted south and southeast of Xiengkhouang, 18 miles south of the plain. An enemy move noted in that area yesterday appeared aimed at Pak Sane, 62 miles southeast of Xiengkhouang on the Mekong river bordering northern Thailand.

ITS DISCLOSURE raised the possibility of a subsequent thrust westward toward Vientiane, the Laotian government capital 80 miles southwest of Pak Sane.

French officers speculated tonight that the Vietminh may have pulled back some of their forces from the northern and eastern to await the arrival of fresh supplies and to rest troops which have moved steadily through jungles and over mountains since they invaded Laos April 12.

The supplies must be transported on the backs of coolies from bases 200 miles northward near the borders of Communist China which, the French say, is furnishing 3000 tons a month.

Robbins' testimony brought him praise from the House un-American Activities committee in its second day of inquiry into Communist activity in education and entertainment.

Among those he named were Edward Chodorov, one-time screen writer, and Jerome Chodorov, who had a hand in adapting to Broadway such hits as "My Sister Eileen" and "Junior Miss."

The others named by Robbins were actor Lloyd Gough, actress Madeleine Lee, Lionel Berman, Elliott Sullivan, Edna Ocko and Lettie Stevens.

The witness said he was recruited by Miss Stevens and knew Berman as a Communist party organizer. Robbins thought Sullivan was an actor but did not identify Miss Ocko.

Awards to Be Given Two Boroughs for 1952 Safety Records

Two Montgomery county boroughs that went through the year of 1952 without a fatal automobile accident will be honored today. They'll get National Safety Council awards from O. C. Beacraft, Pottstown safety expert, when the Montgomery County Safety Council meets at noon in the Valley Forge hotel, Norristown. Beacraft is president of the council. Narberth and Jenkintown will get the awards. Robert Cameron, president of Narberth borough council, will accept for his municipality, while Chief of Police Frank A. Sweeney, will get Jenkintown's plaque.

David R. Perry, former secretary of ex-Governor James Duff, of Pennsylvania, and now member of the State Liquor Control board, will be the speaker. Fred Peters, Montgomery county commissioner, will speak for the commissioners' board. Commissioners Foster C. Hillegass and Raymond K. Mensch also will attend. E. Russell Matz, secretary of the council, will preside.

Pupils Make Visit To Area Dairy Farm

By DOROTHY ROSEWARNE
Mrs. Irma Gordon's first grade has recently been studying farm life and pets. The boys and girls were delighted to visit Laurel Locks Dairy farm. They were interested in the farm animals and their babies. They also learned the procedure for bottling milk. Upon returning to school we had class discussion and drew pictures. The pupils brought cream back to school and made butter by churning it in a jar. They drank the butter milk and ate the butter on crackers.

Miller Long treated all the boys and girls to chocolate milk. They are now making scrap books with their pictures and stories about the farm.

31 Pupils Take Trip To Reading Airport, Look Into Hangars

Our class enjoyed a trip to the Reading airport. Thirty-one pupils visited all the different hangars, workshops and the firehouse where the guide explained the different types of planes. Each pupil had the pleasure of going through the TWA with a hostess who guided them through the plane before its flight to Harrisburg and Pittsburgh.

After an eating of picnic lunches, we drove into Reading where we stopped to enjoy a short visit in the bird shop. There we saw white doves from India, parakeets, canaries and an interesting parrot.

The doves were building nests but the canaries had tiny eggs that proved interesting to the pupils.

ON OUR RETURN home, we stopped at a milk bar where everyone was refreshed with sodas, ice cream and other delicacies.

In our art class on Thursday, we made a mural of the Airport we visited. The children discussed the trip and what they enjoyed most. Then they drew individual pictures of what they liked about the airport.

Those present on Visiting Day were: Mrs. Harry B. Kaufman, Mrs. Leon Kline, Mrs. Ira Fuhrman, Susan and Phillip, Mrs. Lyle Crater and Leroy, Mrs. Jonah Miller, Mrs. Lincoln Hendricks, Mrs. Clayton Ingram, Mrs. John Walbert, Mrs. A. W. Ellis, Mrs. Weinliam A. Keim, Mrs. Robert Leinback, and Mrs. Robert McCall.

Reading classes for the three first grade groups were demonstrated. Tea was served to the

Schoenly, Levin Win
Trojan Golfers Lose
To Berwyn 2d Time

Berwyn High, the only previous victor over Pottstown High's golfing forces turned the trick again on its home course yesterday afternoon, 8 1/2 to 6 1/2.

Three Pottstown players had chances on the 18th hole to pick up valuable points but the Bulldogs worked their way in for narrow victories on the slow Chester Valley golf course greens.

Pottstown's first two men were defeated, Jack Bechtel and Paul Stofko, but Buff Schoenly and Lenny Levin picked up five points between them and Wally Van Dyke tied with his No. 5 opponent.

Coach Bill McCabe said it was the first time a Pottstown team had done so well on Berwyn's stamping grounds. The Bulldogs defeated Pottstown at Brookside, 8-7, the past week. Bechtel started slowly and was

Warriors' Bohn
Loses Eligibility;
May Help Trojans

One of Pottstown High's biggest barriers in its quest for another undefeated baseball season was removed when Lloyd Bohn of West Chester was declared ineligible Monday.

The husky lefthander who won a pair of Chest-Mont victories and gave the Trojans a scare, was ruled out of further play because he had used up all his eligibility. West Chester was unaware of a season of baseball Bohn played in a parochial junior high.

At Franklin field earlier this year, Bohn was defeated by Pottstown, 2-1, in eight innings. He hit a home run that day, the only safety Dave Ricketts had given up in 15 innings of mound duty.

ALTHOUGH the two West Chester victories will be forfeited, Bohn's homer can't very well be removed from Ricketts' pitching record.

Coatesville defeated a Bohn-less West Chester nine, 9-2, on Monday for the Raiders sixth league win against no defeats.

JOHN STECAK was winner, his third of the campaign. Bob Flynn, a lefthander who will probably pitch against Pottstown tomorrow, hurled the final two innings at West Chester.

Flynn also sports a 3-0 mark and is considered the Red Raiders' top hurler.

Mike Kriczy will face Flynn, trying for his fifth Chest-Mont win, and sixth victory of the season. Mike has had a week's rest since defeating Berwyn, 18-5.

Pottstown's varsity players will take another long batting practice today under Coach Ed Goss. Assistant coach Morrie Grigg will take the junior varsity to Warwick for a scrimmage with Hen Stofko's team.

Bascom, Bucceroni
Ruling Upheld

MILWAUKEE, May 5 (AP)—The Wisconsin State Athletic commission plans no action on a protest of last night's technical knockout of Wes Bascom by hard-hitting Dan Bucceroni, secretary Fred Saddy said today.

Bascom, giving away 17 pounds to the fourth-ranked Philadelphia heavyweight who came in at 191 pounds, burst into tears and banged his head on the ring floor when Referee Ted Jamieson stepped in at 2:16 of the seventh round of their scheduled 10-round bout before 4453 fans at the Milwaukee Arena. His manager, Paul Damm, said he would ask for a commission hearing on Jamieson's decision to stop the fight.

"He has no grounds, there's nothing to hear," Saddy said this morning. "We can't change the decision anyway."

"In the opinion of the referee, the boy was hurt badly and he stopped the fight. Maybe he acted one or two punches too soon, but here in Wisconsin we'd rather be on the safe side. After all, the manager wasn't getting hit."

Sanatoga to Hold Saturday Night Races

Rain and racing do not go bumper, and Promoter some new faces in the drivers' George Marshman was forced to seat. Charley Burnett will team delay his first Saturday night pro-rata with a Birdsboro buddy, Paul Baer, gram at Sanatoga Speedway the against a Pottstown duo, George Swoyer and Walt Yoder.

The stock car racing fans were not disappointed entirely, however, as the All-Stars Stock Car Racing association was on hand Sunday to give another hustling show.

But the local stock jockeys will hope for dry weather this Saturday in order to begin their night shift for the Summer. Marshman will use Sunday's as his rain date.

The Destruction Derby is again track.

repeatedly in trouble as he dropped the front nine, seven down. He came on strong to very nearly half his opponent, Leroy McCordle, on the back nine, but lost out on the 18th. McCordle, who was defeated by Bechtel, 2-1, at Brookside, won the match, 3-0, with a 42-40-82.

The Pottstown captain went out in 49 and came home in 41 for a 18-hole total of 90.

Things began to look up for Pottstown as the second foursome finished the first nine.

Buff Schoenly scored a 95 and a 3-0 match victory over Bill Crouse Jr., son of Berwyn's coach. Schoenly shot a 47-48-95, against Crouse's 48-50.

Levin, although he won his match, 2-1, lost his first point of the season after four straight shut-out matches.

He was three up after nine with his 47 against Martin Roache's 50. Roache dropped to a 49 after the turn and Levin went up to 50, giving the Berwyn player a point.

AFTER WINNING his first nine, one up, Van Dyke dropped the second half, one down, to Al King. Both players shot identical scores, 46-48-94.

In exhibition rounds, No. 6 man, Bob Drumheller defeated his Berwyn foe, by shooting a 46 for nine holes. As No. 7 player Mary Joan Czarick also scored a nine-hole win by charting a 50.

The Pottstown High intramural field is gradually narrowing down with Bill Garrow as the latest to fall. He was defeated by John Morrell, one up on 20 holes. Morrell now faces Bechtel in a semi-final match.

Drumheller leads Van Dyke, two up, with two holes yet to play. The winner of that one will go against Lenny Levin another semi-finalist who won his spot by defeating Stofko.

The Trojans' next varsity match is at Brookside tomorrow afternoon against Norristown High. Pottstown defeated the Eagles 8 1/2 to 6 1/2 at Plymouth Country club on Monday.

Kimberton Tops
St. Gabriel in
FCVL Opener

Kimberton opened its French Creek Valley baseball league schedule with a 6-3 victory over St. Gabriel on the West Pottsgrove High diamond Monday night.

A four-run outburst in the fifth inning gave Kimberton the win. The game was halted by darkness at the end of five.

After a walk and two errors loaded the bases for the Kims in the fifth, Red Wilson belted a triple to plate three runs. Wilson scored on another in-field error.

St. Gables came back with a short threat in the bottom of the frame as night began to move in. Ralph Basile ledoff with a single and Tackas drew a walk. A passed ball advanced both and Ciori lashed out a one-run single.

BUT THE RALLY fizzled out as Nore and Elmer Sabo struck out, and Katerback lined to the Kimberton second baseman, ending the game.

Tonight St. Gabriel plays at West End; Pikeland entertains All-Stars and Frazer is at Kimberton.

Byrd Suffers 3d Loss

Wertz' Homer Beats A's, 2-1, for Brownies

ST. LOUIS, May 5 (AP)—Vic Wertz's fifth home run of the season, with one man on base, gave the Browns a 2-1 victory over the Philadelphia Athletics tonight. The defeat dropped the Athletics into fourth place in the American League.

In scoring his third victory of the season, Trucks out-pitched young Harry Byrd. Each allowed eight hits but Trucks struck out six and gave up two walks while Byrd issued four passes.

Philadelphia took a 1-0 lead in the third inning when Eddie Joost drew a pass and came home on Dave Philley's double.

The Browns had several scoring chances but Dick Kryhoski was thrown out at the plate twice.

Wertz took over the American League home run leadership with his homer in the sixth inning after Hank Edwards had singled.

In the ninth, after the first two men up, Gus Zernial and Cass Michaels, had singled, Trucks pitched his way out of a jam. He got Ray Murray on an infield pop up for the first out and then forced

pinch batter Tom Hamilton to hit into a double play to end the game.

Try and Stop Me

By BENNETT CERF

A CATTY HOLLYWOOD gossip columnist eyed a prominent star with obvious distaste, and confided to Mike Connolly, "There are TWO things I can't stand about that woman: her FACE!"

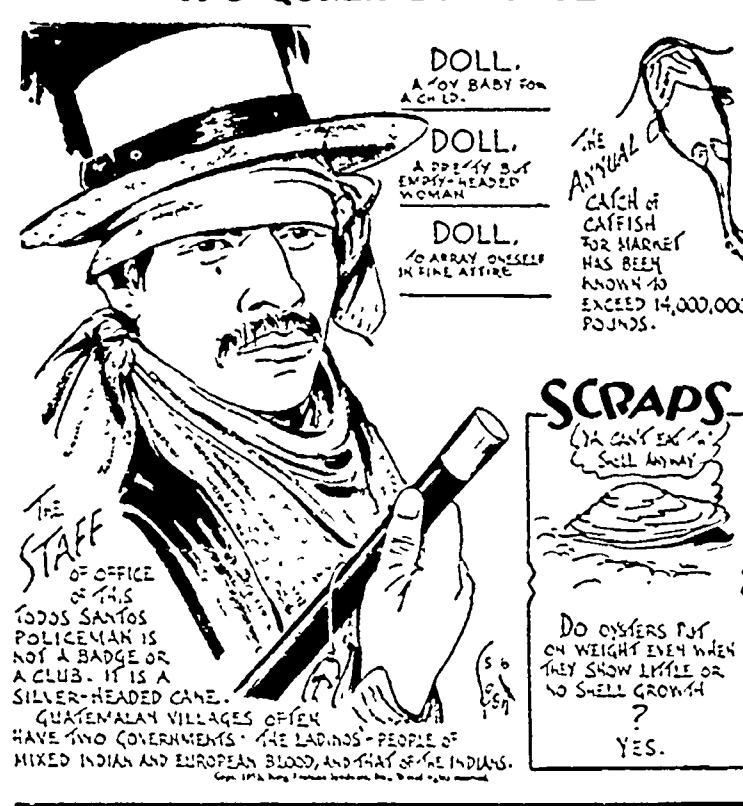

There is a reporter who rates very high with his editor, but is in the doghouse as far as his wife is concerned, because of his habitually sloppy and careless way of dressing. The fellow just hates neckties and formal attire of any sort. Recently he came home to report that he was going off on a novel assignment—to cover a nudist convention downstate. His wife was taken aback momentarily, then rallied quickly to snap, "Well, for once in your life you'll be the best-dressed man in the place!"

As a line of sleepy travelers waited to board the midnight bus in a Texas town, a sharp report suddenly rang out down the street. A young woman, startled, turned to the bootleed man next to her. "What was that?" she asked. "Blowout, probably," he said laconically. "Sounded more like a pistol shot to me," she said, worried. He nodded reassuringly. "What I said. Some fool got his brains blown out."

Pottstown's Prides

Another in the series of beautiful homes that make Pottstown warm

The maple trees in the front yard aren't the only things with fresh new colors at this home of Mr. and Mrs. Louis D. Fekete at 1445 Cherry lane. Mr. and Mrs. Fekete, who moved here from Phoenixville six weeks ago, already have had the inside of the house painted and papered, and they plan a repainting job on the outside which is green with white trim. Downstairs in the 2-year-

old house are the living room, 18 by 11 feet; dining room and kitchen. Upstairs are three bedrooms and bath. The landscaping continues around the entire house. Fekete is an assistant manager of Metropolitan Life Insurance company's Pottstown office. Mr. and Mrs. Fekete have a 12-year-old daughter, Louise.

GIRL CHOSEN DOGWOOD QUEEN AT HIGH SCHOOL

Phyllis Hiestand Named To Reign in Parade At Festival

MONT CLARE—Mrs. Thomas Carns, Bridge and Grace street, Mont Clare, Pa. Phone Phoenixville 2337. C. Doucette, taxidermist, Phone Pottstown 31-2.

Phyllis Hiestand, daughter of Mr. and Mrs. Daniel Hiestand, Egypt road, Mont Clare, was chosen Dogwood Queen of 1953. Her ladies-in-waiting were Dorothy Gere, Ann Simes, Marcia Flanagan and Nancy Landes, who will ride in a flower-decked float in the dogwood festival parade.

Miss Hiestand, a Phoenixville High School senior, is homeroom representative, belongs to the school's radio work shop and plays four musical instruments—the guitar, flute, piano and piccolo. She is a member of the high school band and often has entertained friends with hillbilly singing and guitar accompaniment.

The contest winner, who stands five feet, five inches and weighs 118 pounds, is chiefly interested in a musical career. At present, she is majoring in the commercial course, and after graduation in June she plans to take a job

as a secretary to further her musical education.

Miss Hiestand was born in Claymont, Del., and lived in Claymont before moving to Mont Clare at the age of five. She has a brother, Daniel, who is in California and who has distinguished himself with his musical accomplishments, and a sister, Elizabeth, wife of Lawrence Buckwalter, Springfield.

MISS Hiestand's previous interests also included 4-H club activities and other school work, but right now, and for the next few weeks, all her thoughts will be with the 1953 Dogwood Festival.

Mr. and Mrs. J. Landes Stehman, Egypt road, are visiting relatives in Virginia.

Herman B. Willard of Mont Clare was one of two Montgomery county legislators who figured in the introduction of new House bills in Harrisburg. Rep. Willard was co-sponsor of a bill which would require eye examinations of drivers involved in automobile accidents.

Mr. Robert Carns was one of the speakers at the Spring luncheon held at the Methodist church in Phoenixville. She gave the details of the meeting at which she a delegate to the past week at the State Teachers college. The principal speaker was Mrs. Rex S. Clements of Bryn Mawr. The luncheon was sponsored by the Phoenixville Federation of Church Women.

Mr. and Mrs. Joseph W. Holman of Arcola farms, Arcola, Mr. and Mrs. Earl Weber and Mr. and Mrs. S. L. Shanahan, Phoenixville left recently aboard the Queen Mary from New York for a month-long European tour. The group, who will later in the month attend the Rotary International convention

in Paris, will visit England, Holland, Switzerland and Germany.

Mrs. Susan Rapchak, Mont Clare, has been discharged from the Phoenixville hospital where she has been a patient.

Mr. and Mrs. Robert Will are the proud parents of a son born recently in the Phoenixville hospital. He will be greeted by a sister Diane at home. Mrs. Will will be remembered as the former Phyllis Blatt, daughter of the Rev. and Mrs. William Blatt, Mont Clare.

Mr. and Mrs. Robert Carns, Mr. and Mrs. Michael Virsik, Mr. and Mrs. Robert Arters and Mrs. William MacDade Jr., all of Mont Clare, attended the housewarming given for the Rev. and Mrs. Homer at the new Methodist church parsonage at 800 Gay street, given by the members of the Young Adult group of the church.

Mr. and Mrs. Edgar McBride, Phoenixville are the proud parents of a daughter, Deborah Ann, born recently at the Bryn Mawr hospital.

tal. Mrs. McBride is the former Alice Blanche Epprecht, daughter of Mr. and Mrs. William Epprecht Sr., Mont Clare.

GREEN ACRES TO BE SPRAYED

Monoplane Will Release DDT Solution Over Area

A low-flying monoplane will spray the Green Acres section of town with pest-killing solution early Saturday. It was announced last night.

Norman V. Arndt, member of the 50-acre neighborhood's pest control committee, said the plane would release a 5 percent DDT solution over the area to destroy ticks, mosquitoes and flies.

The aerial spraying will get underway at about 6:30 a. m., as the project will be most successful if carried out while the dew is still on the foliage, Arndt said.

If the weather is unfavorable on Saturday, the spraying will be done on the next clear day.

THE SOLUTION OF DDT in a water emulsion will not be harmful to any living things except the pests, the committeeman said, but he added that it might leave spots on automobiles standing outside. Windows of houses should be kept closed during the spraying, he said.

Cost of the spraying, which will be done by a Philadelphia firm, will be covered by the receipts of a \$2 collection taken up recently by the committee from the 98 homes in the area.

Committee members are Mr. and Mrs. Harold Houck, Mrs. Jack Hanley, Mrs. Raymond Bechtel, Mrs. Wilbur Kitchfield, Albert Spangenberg, Mr. and Mrs. Charles Gochaur Jr., Mrs. Caryl Kellar and Arndt.

This is the third year in which Green Acres residents have subscribed to the pest control project. The past year a solution of DDT and kerosene was used for the spraying.

SEWAGE PLANT —

the borough because of inadequate mains.

IN MOST cases, the "back-ups" are caused by bottlenecks in the system—10-inch pipes emptying into 6-inch pipes.

Such situations exist, for instance, at State street, Spruce street, Rosedale, and the Memorial hospital area.

According to the engineers' report, it will cost the borough \$130,000 to correct the situation.

The report was received by Borough Manager Gulden only yesterday and copies of the report were given to the members of the authority for further study before any recommendations are made to council.

ANOTHER MEETING of the authority and the engineers who made out the report—with the borough manager—will be held on June 2.

At that time, the authority members will go over the various recommendations and will draw up further recommendations to be made to council.

IN 'BOOT' TRAINING—Daniel Righter, 18, step-son of Clarence Corcoran, 28 Chestnut street, is going through "boot" training at Bainbridge, Md. He has been in the Navy since the past March 18. Born in Pottstown, he graduated from St. Aloysius Parochial school and attended St. Patrick's High school, Norristown. He worked for a plant in Bridgeport before entering the Navy.

Kiwanis Hears Talk On Mining Iron Ore

A descriptive talk on mining operations in Morgantown was given last night at a dinner meeting of the Kiwanis club at the Elks home.

S. J. Shale, manager of the Grace mine of the Bethlehem Steel company at Morgantown, accompanied his talk with pictures of the area, showing the progress of the work.

President William D. Mower, presided. The speaker was introduced by Raymond Piersol, and Calvin Cressman served as chairman.

Birdsboro Girls Chorus Entertains Lions Club

A 22-member girls chorus from Birdsboro furnished entertainment at last night's dinner meeting of the Lions club in the Eagles Home.

The group, known as the Monettes, was brought here by its director, Mrs. Esther Kerper of Birdsboro. Included in the 30-minute program were spiritual and popular selections.

One new member, David Martin, was accepted by the club. He was sponsored by Joseph Parente.

S. Wagner Evans served as chairman, while President Albert E. Willauer presided.

Cheapest television sets in Italy cost about \$320.

Local Guard Unit Second in Recruiting

With another enlistment at last night's drill session, Pottstown's National Guard unit is second in the State in recruiting, it was announced after the drill.

The latest Company A recruit is James Kimble Davis, 17, Douglassville RD 2, former pupil at West Pottsgrove schools now employed by the local A and P market.

Capt. Harold C. Baumann, company commander, said the local unit had enlisted 24 new men since the start of a State recruiting contest the past March 18.

Over 2000 rounds of ammunition were fired during the company's target practice at Graterford State penitentiary the past Sunday.

FOG MACHINE —

smoky compound that supposedly drives insects to their graves. It only takes one man to operate.

The spray-mist machine, committeemen decided, was too expensive, wouldn't do as good a job killing bugs, might not last as long since the two motors in it seemed to be straining constantly, they said.

The idea will be to haul this fog machine up and down borough streets, probably from about 5 p. m. to 8 or 9 p. m. through the Spring and Summer months.

Committeemen decided that the spray machine would probably leave too many spot marks on windows, curtains, automobiles.

THE FOG machine will leave only a small trace of film, they said.

After the machine is bought, if council approves Monday night, it should be delivered in about five days.

The committeemen who watched the demonstrations last night were chairman John S. Frain, and Paul P. Kohler, Paul I. Romig and Ernest C. Hurter.

Mrs. Laura Wohltmann, Secretary

UPPER FREDERICK —

(Continued From Page One)

and construction is expected to be finished next Fall.

One of the reasons the increase was so much was the fact that newly consolidated schools have to operate for the first two years without State aid.

"We don't receive any money from the State for two years," she said.

The 25 mills tax rate is the highest in the history of the district, Mrs. Schmoock said. For the past two years it was 16 mills and for several years before that was set at 14 mills.

THE JOINTURE mentioned, however, is one that takes care of elementary school pupils only.

Tomorrow night, school board members will meet with representatives of twelve other districts in Boyertown where the question of a jointure for a Grade seven to 12 school will be discussed.

"It'll be the first time that we hear what the figures are on the proposed jointure for the pupils," she said.

At present, most Upper Frederick pupils, Grades seven through 12, are attending East Greenville school.

But since the district is in the Boyertown attendance area, according to the State, the pupils have to go to school in a joint Boyertown school.

In election of officers, Edward Rugin was named treasurer for one year to replace Stanley Kercher, and Mrs. Schmoock was made secretary for another four-year term.

The regular meeting night of the board was also changed from the first Thursday of the month to the first Tuesday of the month.

All directors were present at the meeting.

Scholarship Offered To Junior High Pupil

A three-year scholarship will be offered to a pupil of the Pottstown Junior High school by the Hill School.

The scholarship will go to the pupil who is eligible to enter the fourth form (10th grade) in September, 1953.

Candidates are to be judged on the basis of scholastic achievement, qualities of leadership and general aptitude for a secondary school education.

The winner will be entitled to full use of the educational facilities of the school. The amount of the scholarship will depend on the parents' financial need.

Announcement of the winner will be made at the Junior High school promotion exercises.

Two Treated for Cuts In Hospital Dispensary

A 6-year-old Pottstown boy and a 33-year-old Hilldale man were treated in Memorial hospital's dispensary yesterday for cuts suffered in minor accidents.

The boy, Richard Antrim, 1218 Queen street, cut his chin in a fall from his bicycle. Fred Faison had a cut on the right side of his forehead as the result of bumping his head on a towel rack.

Cure Seen for Mental Cases

THIS week, Leona V. Smith, head of the Pottstown Visiting Nurse association, reminds us is Mental Health Week. It's time for some solid reflection.

Let a man be taken to a hospital because he has broken a law crying out with pain when he tries to walk, and he will be surrounded by nurses, physicians and technicians within a few hours, his suffering eased and his leg so held that it can begin to mend.

But let a man's mind begin to wander or his memory to fail, his perceptions to become confused or his fears to overwhelm him, and he is likely to be conveyed in a dilatory fashion through the county jail to the courtroom and thence to the wards of what was once called the "asylum."

What happens after, few know, few care and fewer do anything about.

The worst part of this is that most of these unhappy patients could be cured—as many as 85 percent of them, if they could be given the proper treatment early enough.

Of all the serious diseases that confront mankind, mental illness is one of the most hopeful of recovery.

And yet there is a sad anomaly. While medical and surgical patients are being promptly and successfully treated all over the country, psychiatric patients stand waiting at the door.

To be more exact, they wait in sleepless agitation in their homes; they drink themselves into insensibility in bars; or they walk the floors of cells in county jails.

If any one of you should develop pneumonia today, he could be receiving the best medical treatment before nightfall. But if you should develop a mental illness, the chances are you could not get treatment for a considerable time.

Even patients who go to private clinics with money in their hands, so to speak, and no favors asked except one—that they get treatment—must wait weeks and months before they can even be seen.

Many of these patients are just like cancer or heart or TB patients; if they have to wait too long, as many of them do, the condition is beyond repair.

Why is all this? Because there are vastly too few trained psychiatrists, less than a fourth the number needed to take care of only the most serious cases of mental illness.

If we are to do something about the frightening statistic that "one in every 12 babies born today will spend part of his adult life in a mental hospital," then we had better take steps soon to make possible the radical enlargement of present programs for producing new psychiatrists.

At the present rate of training, we will never catch up with the demands for psychiatric treatment.

How then can psychiatry do an effective job of preventing mental illness? The support of programs for training psychiatric personnel is just one of the important objectives of the National Association for Mental Health, and the state and local mental health organizations associated with it.

Support of these associations should pay enormous dividends in human betterment.

Food Production Up

INDUSTRIAL research has multiplied the amount of food which can be produced on a given area of land, according to an Eastern chemical company.

New soil conditioners have made it possible to raise better crops on clay and silt soil. Hybrid grains have increased crop yields.

In addition, scientific feed supplements have speeded animal growth.

On a corn diet, pigs need 12 bushels to gain 100 pounds, but with 50 pounds of scientific feed supplements they can do it on 5½ bushels.

A 3-pound broiler can be produced on 9 pounds of food compared with 10½ pounds only 5 years ago.

Job Opportunities Look Good

INDICATIONS are that this year's college graduating classes are in for a good employment market. Pay and opportunities have never been so promising.

One reason is the high business activity level. Another is the smaller number of graduates, due to the low birth rate of the 30's. But the biggest reason of all is the draft which is claiming most of the graduates.

Wal, I see by the papers where the un-American activities committee turned its spotlight on the world of entertainment. For once, the acting business found itself in the center of the stage—reluctantly!

There are charges of Red infiltration in television. We want color TV. But not that shade!

Asks Playground Merger

He's For Play Spot—Far Away!

To the Editor: I have an idea which I wish you'd print concerning handling of children in Pottstown.

Instead of building playgrounds either and in the borough, why not consolidate those scattered about into one huge play area for children this Summer?

I for one am not ashamed to admit that I can't stand a lot of noisy kids around the place, especially when I'm trying to sleep.

Now that school's about to close, I hate the thought of having all these youngsters waking me up with their shouting and carrying on.

If one large playground was built in some secluded section of the town, then all these children would be attracted to that place and would let me rest in peace.

Children should neither be seen nor heard.

Odd Garb on Girls a Worry

To the Editor: This is the first time I've ever sent a letter in and I wish you'd print this.

It's about these stupid-looking girls who strut around town wearing ridiculous clothing.

They wear pants that come down to their knees and men's shirts that have the sleeves cut off. This particular group of girls I saw were all about 18 or 19 years old.

They actually had the nerve to walk along High street in the middle of the afternoon wearing that ridiculous outfit.

Personally, I think they were a bunch of frustrated females who lacked good taste and a common sense of decency.

I'm glad I'm leaving for the Army.

WASHINGTON

Two Pressure Unions Chased by White House

By RAY TUCKER

WASHINGTON, May 5—President Eisenhower has booted out of White House circles two national organizations which once exerted tremendous influence on wage-and-price policies at Washington, although their more extreme proposals rarely found favor on Capitol Hill.

Even more than his declared principles, this quiet ostracism of erstwhile palace favorites epitomizes the new Administration's long-range, rightist trends.

The two groups which have fallen from Presidential preference are the Congress of Industrial Organizations and the National Farmers Union. They are headed, respectively, by Walter Reuther of Detroit and James C. Patton of Denver.

The White House latches always hung low and within ready reach of Reuther's predecessor, the late Philip Murray, and Patton in the Roosevelt-Truman era.

These two organizations represent the more aggressive and demanding wings of American labor and agriculture. Peak wages and prices supported by government co-operation and pressure were their goals, and they generally obtained them during the Democratic regime.

Both Reuther and Patton were apostles of Federal planning and intervention on behalf of their membership. Both supported Stevenson against Eisenhower in the 1952 campaign.

EARLY EXPERIMENTS SCRAPPED: Under former Secretaries Charles F. Brannan, Claude R. Wickard and Henry A. Wallace, the Patton boys had the run of Agriculture. They were responsible for numerous experiments which Secretary Benson has scrapped and will abandon. His reorganization of the department will shake out any survivors of earlier days.

The Farmers Union, for instance, is given credit for inspiring the two-price Brannan Plan, which like decried in the 1952 battle. It still insists on 100 percent parity price support as against Benson's preference for flexible schedules.

It demands a more generous credit treatment of agricultural borrowers. In a recent policy statement, it revived demands which even Democratic Congresses had rejected.

In forthcoming agricultural readjustments, the farmers' spokesmen will be the National Grange and the American Farm Bureau Federation.

NEW WAGE DEMAND PREPARED: Eisenhower's desertion of the CIO for the more conservative American Federation of Labor may have definite bread-and-butter effects on the wage-price structure. It was the late Philip Murray's organization which spearheaded successive movements for pay envelope boosts. His gains naturally forced the AFL and John L. Lewis' United Mine Workers to fight for increases.

Former President Truman always extended a helping hand to Murray in these disputes. When the Government controlled wages and prices, his boards granted wage increases and then handed out compensatory price raises to the affected firms. When these co-operative methods failed to break a deadlock, he went to the extreme of trying to seize the steel plants.

Reuther has prepared new wage demands that may precipitate a steel walkout. With his men now getting \$2.06 an hour, he may ask for an upping of 15 cents an hour, which will be resisted by the industry. The controversy has national significance, for it will set the pattern for almost all major producers.

The Taxi Strike

To the Editor: With the refusal of a wage increase for the Hanley taxi drivers, I wonder if the people of Pottstown know the complete facts about the drivers of this company.

There had been some discussion brought to my attention that most of these quitting drivers were part time. That's true. Which means that they are not born to the job.

Here is why the walk out was staged and bless the few that wouldn't participate.

The steady drivers were men composed of veterans, who, because of injuries received in World War II couldn't do heavy work and couldn't stand the noise of a factory. Men with failing health and old age, they had to take this work.

The part time workers did what they thought was part of their job, so that the future drivers could enjoy the fruits of labor.

Plea for Pain-Killer

To the Editor: I made me sick to read your story about the flyer who burned to death last Friday.

According to your story he remained conscious to the end and yet he repeatedly called out "put me out."

Why didn't someone give him a big shot of morphine?

It sounds typical of hospitals, doctors, and nurses.

Jottings in Pencil

HOLLYWOOD CASTING offices have embarked on a hunt for the right actress to star in the filmed story of Babe Dirckson. Three studios are preparing scripts based on the career of the great woman athlete, now stricken: Columbia is generally conceded to have the inside track.

The Dionne quintuplets may make headlines on their 19 birthday. One of them wants to break up the act and get married.

The husband-to-be of high-priced "madam" Erica Steele isn't one of the men involved in her colorful life before the Jelle vice case.

He's a broadminded fellow she met after her arrest. . . . Howard Hughes makes some of his most ardent telephone calls to Joan Kerr, a new chorine on the New York scene. . . . And ex-Mayor William O'Dwyer isn't sitting around Mexico City mooning about Sloan. He's having a gay time with lovely Mary Hill.

Variety lists the Warner Brothers' 3-D film, "House of Wax," as the nation's top grosser. . . . Broadway's most fascinating rumor: Christine Jorgensen to play Blanche DuBois in a revival of "Streetcar Named Desire" next Fall. . . . Dave Garraway and cover girl Nancy Berg are sailing smoothly again. He tossed a gala blow-out in her honor the other evening with his Park Avenue apartment as the setting.

"I Love Lucy" has so monopolized

The Worry Clinic

By DR. GEORGE W. CRANE

FRANK W. is a prominent Chicago attorney whom I asked about Hardy's case, which I discussed yesterday.

"Dr. Crane, let me give you a typical case along that line," Frank said.

"And old farmer near Chicago owned 80 acres of land. It wasn't of much productive value, until gravel was found on his farm.

"Then he made a modest income by selling gravel. As the gravel pit grew larger and deeper, water began to accumulate until it formed a small pond.

"And boys used to sneak over there for a swim during the summer months.

"They didn't have the permission of the old man who owned the land. They were trespassing.

"BUT ONE OF THEM drowned. And the parents of the boy then sued the old man for damages. The court awarded the damages, which ate up all the property the old man had. In short, he lost his 80-acre farm."

"How could any American court award damages in such a case to the intruder who was illegally trespassing on the old man's property?" I asked in surprise.

"Well," Frank replied, "Communist ideas are affecting our legal thinking so that the 'have-nots' can trump up any charge they want against the property holders of the United States and often win!"

Frank shrugged his shoulder expressively.

"Thus, the court held that the old man operated a dangerous enticement," he added.

"DO YOU MEAN to say that if the old man had his farm posted with a 'No Trespassing' sign, and those boys sneaked in for a forbidden swim, that the court would still penalize the old man?" I demanded.

"I suppose, by the same reasoning, if a farmer follows the recommendation of our conservation departments and builds a little farm pond as a source of water for his sheep or cattle, that he is thereby operating an enticement to trespassers. Is that true?"

"Some of the courts would probably hold that very view and award damages," Frank added

The worst suffering in the world occurs in our modern hospitals where drugs to relieve pain are cheap and easily obtained.

I guess they consider it too much trouble to give someone in agony a pill, or a shot in the arm.

Says Dog Lover Is 'Narrow'

To the Editor: It is plain to see "Dog Fancier" ("Parakeet Lovers Wail Loudly," Readers Say, April 29) that you never owned a wonderful little parakeet. If you had you wouldn't think the way you do.

In the first place, naturally owners of parakeets that are lost are worried because you see, they are tropical birds and can not long endure in the great out of doors.

I have a beautiful turquoise colored one and I would not give him up for anything.

I have taught him to talk and he sings so sweetly all day long.

My house would be a morgue without his sweet song.

You sign your name "Dog Lover." Why be so narrow minded as to pick on defenseless little birds? I hope I never get so narrow.

Pottstown WONDERING

DONNA REED and her agent husband, Tony Owen, are definitely parting, despite his hopes for a reconciliation. No chance now. . . . A "name" millionaire is putting his dollars behind Congressman Jack Javits in the forthcoming contest for mayor of New York. Should lend the elections an air of chic.

Adrian, dress designer to some of the nation's most glamorous females, has completely recovered from his heart attack, but will stick to his decision to give up dress designing. However, he's grown in stature as a serious painter, and his third exhibition will be held at Knodler's this Fall. His diminutive wife, Janet Gaynor, received a dozen bids to return to the screen or emote on television after she stole the show at the Academy Awards ceremonies last month, but she said no thanks to all of them.

ANNA SOSENKO, rumored splitting with her famed friend and client, Hildegarde, assures this department there's nothing to the story. "We are a very big estate which we share equally, and I have not given 25 years of my life to a woman whom I believe to be outstandingly great in her world to see it topple," says Anna, adding that she is producing a concert variety show starring Hildegarde with Tommy Wonder, Paul Hartman and Dorothy Sarnoff.

Spring City Businessmen to Combine With Council on Main District Lighting

Spring City borough council and the Businessmen's association will combine their efforts in an attempt to bring about better lighting in the business district.

At the meeting of the council Monday night Ivin C. Young, representing the businessmen, asked what action had been taken on a request by the merchants for improved lighting conditions.

Edward King, chairman of council's light committee, said he did not feel free to give a definite answer, explaining:

He had written Philadelphia Electric company about the cost of installation, but had received no reply. A recent survey revealed 26 places in the borough in need of better lighting.

The Rev. Roy L. Winters, president of the council, asked that the light committee and merchants association work together and try and bring a solution to the next meeting of council.

DANGER OF THE sewage system being ruined by iron rust was voiced by Councilman Harry Lee, of the sewer committee. According to Lee, iron rust is going through the system, apparently from Keystone Drawn Steel company plants.

Joseph Glose, vice president of the company, viewed the condition with Councilman W. Kenneth Rothermel and Lee and said the iron rust was coming from the steel plant. The matter was referred to the sewer committee for report at the next meeting.

Borough Solicitor D. Clarke Sautter was instructed to study a number of existing ordinances, which it was reported are of little value, cause considerable inconvenience and are not enforced.

Request of Atlantic Refining company to relocate two gasoline pumps on the J. D. Prosser company property, Cedar and Walnut streets, was denied because the pumps would be located 18 inches from a frame building, which would create a fire hazard.

Building permits were approved for the following: Robert Brower, Yost avenue, rebuild front porch; Jacob Munshower, renovate room; Raymond Lanute, two-car concrete block garage; Kermit Snyder, two-car concrete block garage.

Ernest Riese, concrete block building; Walter Weney, roof over porch on Pikeland avenue; Twin-Borough Beverages, to erect sign on Central avenue; Ralph Mertz, to erect sign on porch; Buchanan

Green Lane Council Tables Light Plans For Further Study

A proposal for a new lighting system in the borough of Green Lane was turned down last night pending further investigation.

Council President Joseph L. Ehn reported that the plans will have to undergo several changes before they can be accepted. He said a meeting will be called to determine where lights will be erected.

At the session were residents living near Second and Third streets in Green Lane whose property will be affected by an alley which will be constructed.

Ehn pointed out to the group that arrangements have been made to settle for damage to property when the alley is completed.

THE APPOINTMENT of a new board of health was approved. Dr. Kenneth Probst was re-elected to the board. Members include: George Shell, James Bardman, Abner Bardman, Clarence Green and Robert Sine.

Members of council at the meeting were Harry Imbody, Burgess, Clarence S. M. O. L. tax collector, Paul Hunsberger, treasurer; Mrs. Jane Yoder, secretary; Claude Wolford, William Vanfosson, Edward McMahon and Ehn.

Truck Driver Is Killed In Two-Vehicle Crash

A Pitman, N. J., driver was killed instantly late yesterday afternoon when his truck plowed into the rear of another truck at Exton on Route 30.

Investigating officers, Maurice Wilhere and Charles E. Weber of the Paoli State police barracks identified the victim as James Stewart of 131 Fourth avenue, Pitman, N. J.

estimating that the new tax will raise approximately \$2000 a year.

Later, this Spring, the secretary said, the board expects to increase the property tax to 30 mills.

This increase will be temporary, Seasholtz emphasized. The extra money it brings will be needed next year to tide the district over until State appropriations for the new jointure start to be paid.

Such appropriations are made on the basis of money spent the previous year.

Once the State appropriations start arriving, Seasholtz said, "We plan to drop the millage down again to 20."

The two personal taxes, of \$10 and \$5, are not scheduled to be changed, the secretary asserted.

The secretary also reported that the district's old one-room school house in Fagleysville will be sold at auction shortly.

Fagleysville pupils in the first six grades now are attending Douglass township schools, while those in Junior and Senior High school are going to Boyertown.

CLEAN-UP WEEK —

wards. Richard noted that his group will seek to elect a representative from each ward to work hand in hand with the councilman from the respective wards.

The two persons will share the chairmanship in that ward of the campaign.

IT WILL be the duty of each chairman to try to outdo the other wards in cleaning up. The representative and councilman will check his ward on May 16 and again on May 23. Final judgement on cleanliness will rest with Richard and Eschbach.

Another proposal calls for the erection of a clean-up week chart on which will be recorded a cleanliness report from each ward from day to day. Richards said that he and the co-chairman will approach responsible officials to see if the chart can be posted.

Final details on how the chart will work will be ironed out at next Tuesday's meeting of the group.

Both co-chairmen said they also expect to contact Donald G. Woodley, borough garbage collector, to see if arrangements can be made to collect the trash accumulated by residents.

ASSISTANCE in the campaign is expected to come from the school youngsters. Teachers in Grades three to nine will be asked to pass out questionnaires to their pupils. This phase of the program will be known as the "cleanest town contest."

The questionnaire will contain a listing of everything conceivable connected with clean-up week. Youngsters will be asked to make a house-to-house canvass, asking specific questions.

Space on the entry blank has been provided to mark in the total number of chores completed during the week.

Another phase of the contest will be conducted by Ray Meyer, a local movie theater manager, who will give out complimentary tickets to winners.

Richard Dutcher, district Boy Scout executive, and Mrs. Charles S. Leventhal, Girl Scout representative, also stated that contests will be conducted among their respective groups during the week.

Limerick Board Discusses Summer Road Program

Limerick township supervisors discussed plans for Summer road improvements at a meeting last night in the home of Roadmaster Roy T. Miller.

The supervisors will repair township roads. Oil will be supplied by W. R. Crossdale company, Limerick, and stone from Stowe trap-rock company members decided.

President Raymond G. Scheifley conducted the meeting.

Auxiliary Police View Films on Civil Defense

Auxiliary police of East Coventry's civil defense organization saw three training films at their meeting in the Ridge Fire company hall last night.

Pfc. Gerard F. Robison, Paoli State police, showed the one and one-half hour film program.

Films shown were "Survival Under Atomic Attack," "A Day in Action," and "Civil Defense in Action."

Douglass Township Discusses Jointure

Twenty-five interested citizens kept Douglass township (Berks county) school board members busy answering questions at the board's meeting last night in the Pine Forge school.

Whether to build an addition to the present school building or complete a jointure with Boyertown was the big question.

Baker T. Gresh, secretary of the board, said the issue was only discussed and no definite action was taken.

All five board members approved a new tax of 1 percent on real estate transfers in the township to meet the need for increased teacher salaries.

The 22-mill property tax, the \$5 personal tax and the \$5 per capita tax will continue the same as last year, the secretary said.

President Irvin W. Romich conducted the meeting.

Norco Firemen Schedule Festival at Playground

The annual festival of the Norco Fire company was scheduled for July 19 and 21 at the Kenilworth playground.

Meeting at the Kenilworth Community building last night, the 35 members present also agreed to add one new name to their roster.

President Gerald Hatfield presided.

Good to Seek Athletic Post

and also assistant football coach, was reluctant to announce any future plans until the job of athletic director is defined.

"I feel that any statement from me would be premature at this time."

GENE KAULER, Junior High school football, baseball and basketball coach, said:

"I haven't had time to give it any thought. It came so suddenly. Of course, I suppose that if there were a job open that entailed advancement—whether coaching or as athletic director—I might be interested in it. But I really haven't had time to think about it."

Heber T. Meyers, head football coach, couldn't be reached last night for comment.

All three men made their statements before Coach Good said he would choose the athletic director's post.

The change in the athletic director—coaching set-up was brought about as a result of Good's intimating the past January that he was considering resigning his coaching jobs and athletic director's job.

AT THAT time, he suggested that Grigg be made head baseball coach and that the head basketball coaching job go to either McCabe or Kauler.

On March 16, however, he met

Legion's Simms Post To Parade on 30th

Milton Simms post 355, newly-organized American Legion unit, will participate in the Pottstown Memorial Day parade this month, it was announced last night.

Decision to participate was made at the first regular meeting of the new post at Bethany recreation center.

Commander Norman Howard, who presided, appointed Wesley Davis, Richard Miller, Charles Rose and Resie

The athletic council, however, as a result of Good's intimations that he might resign, began looking over the entire sports picture.

The up-to-date view they got of it, as reflected in their Monday night program, was that the athletic program was getting so much bigger—largely because of increased enrolments—that a "full-time" athletic director, capable of spending much more time on supervising a growing physical education program, was necessary.

Good's decision will bring about changes almost "right down the line" of the coaching staff.

FARMER to a committee charged with decorating graves of veterans on Memorial Day.

Ten members, eight of them veterans of World War II and two from World War I, attended the meeting. One member, Nester Malone, was re-installed last night.

Officers of the new post will hold their first executive meeting on May 17. Adjutant Resie Farmer announced.

Guests were: Mrs. D. S. Stauffer, Mrs. Herman Maack and Mrs. Wells' daughter, Mary Turner, Paoli.

High School Spring Choral Festival Has Color as Well as Music While Four Mixed Vocal Groups Present Varied Musical Program

The array of colored evening gowns was as pleasing to watch as the music was to hear last night as girls and boys of Senior High school vocalized during their Spring Choral Festival in the auditorium, according to the audience.

A capacity crowd watched and heard members of the choir, Girl's glee club, Boy's glee club and the Girl's chorus as they presented a varied program of religious, classic, folk and modern music.

Edward F. O'Neill stepped up to conduct the choir in the opening number, a religious selection, "Adoramus Te" by Palestrina. "Ava Marie," "Lift Thine Eyes" and "Abide With Me" followed.

"A Legend," "A May Day Carol" and "Guiana Mia" were sung by the Girl's glee club before the choir took over again with four Salvik Folk songs by Bela Bartok.

Old favorites were given by the Boy's glee club with "Steal Away," "Ol' Arks A-Moverin'" and "What Shall We Do With a Drunken Sailor."

After intermission, the Girl's chorus took up the strains of "Silent O'Mistle," an Irish Folk song; "Tree Silences," "All in Green Went My Love A-Riding" and "Come in Through the Rye."

The evening of vocal music ended with five numbers by the choir. Two modern tunes, "Falling in Love With Love" by Rodgers and "In the Still of the Night"

by Porter were included.

"Since All Is Passing," "Stodola Pumpa," and "Soon-ah-will Be Done" completed this closing selection.

Peggy Ann Kunkle and Edith Doran were accompanists.

Charles Emery headed the stage crew and Carolyn Longacre directed the ushers and usherettes.

FINISHED!—Breathes one (and as yet only one) committee of its preparations for the Pottstown hospital auxiliary's May 28 "May Mart." Applying last minute stitches to the stack of aprons, cloths and other needle work are, from left, Mrs. Robert Swinehart, Mrs. John Spear, Mrs. Lawrence Belman, Mrs. E. C. Sturges and Mrs. H. C. Gidgich, all members of the sewing committee. The annual affair, held for the benefit of the hospital, will be held this year at the High Street properties of the Good Will Fire company and Dr. and Mrs. C. R. Elicker. Yesterday afternoon, the sewing committee, whose members are pictured above, held its final meeting in the living room of the nurses' home.

'4 Generations' Highlight Dinner Party

Zion's Mothers club entertained more than 90 mothers and daughters at a tureen supper last night in the chapel.

Yellow candles and napkins, mingled with bouquets of lilac, tulips and bridal wreath, decorated the tables. Favors were small vases of flowers.

Opening the program was the Rev. Howard Kosman, pastor who discussed the importance of motherhood.

Highlight of the program was a framed portrait tableau, posed by four generations of the same family, during Mrs. Howard Kosman's recital of a poem by Mrs. Charles Stout.

Opening with the couplet "What a perfect picture are generations, four—Zion's pride, they are in deed and each one we adore."

"Motherhood," continued the rhyme, "so holy is such a treasured state. Its mere thought completely thrills, as we anticipate." It went on to describe the small things that make up the meaning of motherhood—through the generations—kerosene lamps, bloomers, the Charleston and television. As the tableau faded, Mrs. Charles Schwoyter sang "Mother"; and another one of its members, Mrs. Robert Kirby, won a prize as the youngest mother present. Award for the oldest mother—present went to a third member, Mrs. Harvey Haring.

Next on the program came the "Dancing Belles of Zion's" who square danced. They were Sandy Morrell, Diane Gabel, Judy Bernhart, Cheryl Bechtel, Linda Grubb, Judy Ashworth, Bonita Bechtel and Pamela Wagner. "Tell Me the Story" and "Dor in the Window" (with a genuine canine supplying the sound effects) were sung by the chapel choir. Marilyn Kehl played a piano solo. "Faith of Our Mothers" was sung by past and present presidents of the club: Mrs. Charles Schwoyter. (Continued on Page Nine)
